Declaration

I understand that as commercial property is an illiquid asset and the value can go down as well as up, it may take time to realise its value. I understand that this could be an issue particularly when I wish to take benefits.

I understand that all charges in respect of the property investment should be paid from the pension scheme as they are a direct cost of the pension scheme investment strategy.

I understand that Dentons will arrange for the property to be insured under a block policy arrangement and that there are only very limited circumstances where use of the block policy will not be mandatory.

I confirm that I understand the risks I am taking in purchasing commercial property through my self invested pension and if not, I will take financial advice before proceeding with the purchase.

I understand that if I am transferring funds to a Dentons SIPP in order to facilitate a property purchase I will not be able to exchange contracts on the property until after the 30 day transfer cancellation period. I understand that this period does not begin until Dentons have requested the transfer from my existing scheme.

I understand that if I am establishing a SSAS, I will be unable to purchase the commercial property until the SSAS has been accepted and registered with HMRC, which can take many months.

I confirm that any risks or adverse factors raised by the solicitor during the conveyancing process will be carefully considered, and acted upon where appropriate, before committing to the purchase.

I confirm that all the details provided on this form are true, to the best of my knowledge and belief.

All parties to the transaction must sign.
