

Single investment portfolio SIPP.

A case study

With Dentons we make it easy for clients to take advantage of a wide range of investment opportunities through the Dentons SIPP but not everyone wants to adopt such an expansive approach. That's why the Sippchoice Bespoke SIPP has been designed to accommodate clients' with a more straightforward investment strategy.

The facts

- Mr Jones, works at firm of accountants
- He has a pension fund of £200,000 built up from a previous employer's group pension scheme
- His objective is to build up his pension fund using a single portfolio with an investment manager
- The Sippchoice Bespoke SIPP allows Mr Jones to select his own fund manager (subject to approval) or platform
- There are no transaction fees imposed by Dentons on investment trading
- Mr Jones selects the Sippchoice Bespoke SIPP and pays an establishment charge of £350 and transfer charge of £70, both plus VAT
- A standard annual administration charge of £480 plus VAT is taken yearly in advance.

The process

- Mr Jones will need to complete the Sippchoice Bespoke SIPP online application and the investment application for setting up an account with the relevant platform/fund manager
- Mr Jones's financial adviser requests the transfer discharge forms from the employer group pension scheme as it is not possible for the transfer to be completed through Origo, the online transfer service
- All completed SIPP application forms and signed discharge forms are sent to Dentons
- Dentons will liaise with the transferring schemes and request the funds
- Dentons will liaise with the relevant platform/fund manager to set up the relevant account
- Once transfers are complete, funds are available for investment.

The result

- Mr Jones achieves his short term objectives to have control of his pension funds
- Funds are growing in a largely tax free environment
- Mr Jones has transferred his pension at a cost of just 0.45% of his portfolio from day 1*.
